Summary of the working program of the academic discipline

« Public health and health care »

General Educational Program of higher education (<u>specialist's degree programs</u>) 31.05.03 Dentistry.

Department: Social Medicine and Health Care Management

- **1. The purpose of mastering the discipline:** participation in forming the relevant competencies of UK-1; GPC-4, GPC -11; GPC-12; GPC-13; PC-5, PC-8, PC-10.
- 2. Position of the academic discipline in the structure of the General Educational Program (GEP).
- **2.1.** The discipline "PUBLIC HEALTH AND HEALTH CARE" refers to the corepart of Block 1 of GEP HE.

3. Deliverables of mastering the academic discipline and metrics of competence acquisition

Mastering the discipline aims at acquiring the following universal (UC) or/and general

professional (GPC) or/and professional (PC) competencies

No Competence code The content of the competence (or its part) Code and name of the competence acquisitionmetric 1. UC-1 Able for critical analysis of problematic situations based on IUK 1.1 Knows: methods of critical analysis and evaluation Basic concept methods of critical analysis and evaluation	Apply the Methods of sanitary statistics, statistics in methods of
